Classes:

***SCBA confidence course***

Instructor Lucas Jungemann: A question that every firefighter should be able to answer without hesitation is “How long can they work while wearing and S.C.B.A.?” The fire ground is not the place to figure out the answer! In this class, firefighters will learn and demonstrate controlled breathing techniques, as well as determine their personal “Point of No Return” and other critical air management benchmarks. Students are required to have their PPE and SCBA for class.

***Farm Vehicle Extraction***

Instructor Russ Heggen will demonstrate the proper technical information on Farm Vehicle Extrication. Proper tool selection, placement of cribbing, and proper cutting procedures. There will be hands on Extrication **PPE required** (eyes, face, and body protection) - 25 people class limit.

***EVOC – Emergency Vehicle Operator Course***

Instructor Russ Hendrix will teach this class covering how to become more competent in the operation of emergency vehicles, and how to become a better defensive driver when responding to emergencies. The hands-on portion of the class builds driver’s skills.
